Index to 1977 articles

BY ISSUE . . .

JANUARY
59 Welding Systems at Combustion Engineering
65 Welding the Liquid Metal Fast Breeder Reactor
70 Piping for Skagit Nuclear Power Plant
73 W.E. Data Sheet No. 437 — Preparing Pipe Welds
74 Inspect As You Go With Acoustic Emission
78 Where We Stand in Fusion Welding Now

FEBRUARY
53 Designing and Fabricating Aluminum Weldments
55 How Design Affects the Cost of Fabricating
58 What to Do Before Welding
59 W.E. Data Sheet No. 438 — Aluminum Weld Properties
62 Tubular Aluminum Buswork
64 Alcoa's Jim Terrill: Why Basic Research Pays
68 Acoustical Holography Looks Through Welds
73 Welding Nickel: Cleaning, Joints, Jigs and Fixtures
76 What It Takes to Make Nuclear Components

MARCH
55 When Does Automated Brazing Pay?
59 W.E. Data Sheet No. 439 — Brazing Preforms
60 Buyers Guide to Brazing Filler Metals
62 On Schedule — Everything for Welding Lift Trucks
66 AISC Names Prize Winning Bridges
68 Bridge Over Quiet Waters
70 Quality Codes, Conversions and Pipelines
75 Welding Nickel: SMAW and GMAW

APRIL
81 Refineries Test Their Metals
86 A Cutting Room With White Walls?
88 Move Over for Titanium
102 Flame Cutting Stainless With Powder
105 W.E. Data Sheet No. 440 — Flame Cutting Steel
106 Welding Nickel: GTAW, SAW, OAW
110 Electron Beam Welding: A Production Tool

MAY
61 Ultrasonic Testing Takes on a Hot Job
64 A Rational Approach to NDT of Welds
67 W.E. Data Sheet No. 441 — Ultrasonic Procedures
68 Plasma Pays Its Way
70 Welding Nickel: Plasma Welding, Nickel Overlays
76 Welding Safety in Mining
80 Welding Aluminum to Steel
85 Welding for the Sea
90 Electron Beam Welding is Economical
96 Does Cheaper Wire Lower Weld Costs?

JUNE
77 Welding at Dow Chemical U.S.A.
82 Field Assembly of ASME Code Vessels
85 W.E. Data Sheet 442 — Using Gas Torches
86 Satisfying the Codes
88 Plasma-punch Combo Speeds Panel Production
90 Descaling Weld Areas Economically
92 Welding Nickel: Dissimilar Metals
98 How to Control and Correct Warping
104 Used Aircraft Parts Fly Again
106 Design for Laser Beam Welding

JULY
51 Welding Heavy Sections
54 W.E. Data Sheet No. 443 — Design of Structural Welds
56 Friction Welding: A State-of-the-Art Report
64 Welding Knowhow: A Priceless Export
69 Welding Has a Record Year
72 HSLA Steels Weld Well Under Pressure
74 Weldments Live Longer With Shot-Peening

AUGUST
55 Solid-State Controls
55 What Solid-State Controls Do for Welding
58 Power Supplies for Welding Processes
60 Controls and Their Functions
61 A Better Way to Weld Aluminum
64 Welding of HSLA Pipeline Steels
68 Russians Show How to Educate Welding Engineers
74 Where Industry Uses Friction Welding
77 How to Solder Microelectronic Assemblies
79 W.E. Data Sheet No. 444— Soft Solders

SEPTEMBER
78 Weld Inspection — Today and Tomorrow
82 Underwater Inspection of Offshore Structures
84 Ultrasonics Find and Classify Weld Defects
88 Hydrogen-Free Welds Make Tough Rivets
90 Schnabel Cars Carry the Big Ones
96 Welding HSLA Pipeline Steels — Part 2
98 W.E. Data Sheet No. 445 — GMA Welding HSLA Steels
102 Big Energy Saver: Redesigned Auto Part

OCTOBER
65 Welding Quenched-and-Tempered Steels
75 W.E. Data Sheet 446 — Q&T Filler Metals
76 World's Largest Turbine Runners
80 Why Certify Welding Inspectors?
82 Coping with Stress Corrosion in Stainless Welds
87 Nickel-Base Filler Metals for Vacuum Brazing
90 Vibrational Stress Relief for Dimensional Control
95 Ultrasonics — A Step Closer to Defect Evaluation

NOVEMBER
67 Pressure Vessels: Layers Strengthen the Big Ones

72 Where Layered Construction Fits into PV Technology
74 Steam Drums: Solid Walls, High Performers
76 W.E. Data Sheet No. 447 — Pressure Vessel Heads
78 Estimating Flaw Size in Pressure Vessel Welds
84 Electron Beam Welding: Now Doing the Unbelievable
88 Bigger Jobs for Plasma Arc Welding
90 Applying the Right Mechanical Test Method

DECEMBER
61 What Automatic Welding Does for Steam Generators
65 How Far Can Welding Automation Go?
70 Joining Tubes and Pipes
72 Spot Welding Aluminum Sheet for Auto Parts
80 U.S. Welding Fabricators Need SI
81 W.E. Data Sheet No. 448 — Metric (SI) Conversions for Welders
84 Buyer's Guide to Safety Products

BY SUBJECT . . .

MONTH: Page number

A

Acoustic emission **1:** 74-7
Acoustic holography **2:** 68-70
Aircraft **6:** 104-5 **11:** 88-91
Alloy steels **7:** 72-3 **8:** 64-67 **9:** 96-100 **10:** 65-74 **11:** 69-71, 88-91
Aluminum **2:** 53-66 **5:** 80-2 **8:** 61-2 **12:** 72-4
Automatic welding **12:** 61-71
Automotive **11:** 84-7

B

Brazing **3:** 55-61 **6:** 104-5 **10:** 87-9
Bridges **3:** 66-69

C

Chemical **6:** 77-81
Cleaning **6:** 90

D

Design **2:** 54-8 **3:** 68-9 **11:** 67-75 **12:** 80-3

E

Electron beam welding **4:** 110-12 **5:** 90-4 **7:** 53-4 **11:** 84-7
Electroslag welding **7:** 51-3 **12:** 63-4

F

Fabricating **6:** 98-102 **9:** 90-4 **10:** 76-9
Fixtures **2:** 61-62, 75
Flamecutting **4:** 86-7, 102-5
Friction welding **7:** 56-62 **8:** 74-6 **9:** 88-9

G

Gas metal arc welding **3:** 77-9 **5:** 72-3, 96
Gas tungsten arc welding **4:** 106-7 **12:** 70-1

H

Heating **1:** 64 **2:** 62

J

Joint design **2:** 73-5 **3:** 59 **4:** 90 **5:** 81 **6:** 83 **7:** 66

L

Laser welding **6:** 106-10

M

Market **7:** 56, 69-71
Mechanical testing **11:** 92-5
Metrication **12:** 80-3
Mining **5:** 76-7

N

Nickel **2:** 73-5 **3:** 75-9 **4:** 106-9 **5:** 70-4 **6:** 87, 92-7
Nondestructive testing **5:** 64-66 **9:** 73-85 **10:** 80-1
Nuclear **1:** 59-64, 65-9, 70-2, 74-7 **2:** 76-9 **3:** 72-4

O

Oxacetylene welding **4:** 108-9

P

Peening **7:** 74-6
Petrochemical **4:** 81-5
Piping **1:** 62-3, 70-2, 76 **3:** 71 **8:** 64-7 **12:** 70-1
Plasma arc cutting **2:** 60 **4:** 86-7 **5:** 68-9 **6:** 88-9
Plasma arc welding **5:** 70-1, 74 **11:** 88-91
Power supplies **8:** 55-62
Powder cutting **4:** 102-104
Pressure vessels **1:** 59-64, 65-69, 76 **5:** 61-63 **6:** 82-84 **11:** 67-76 **12:** 61-4

Q

Quality control **6:** 86-7

R

Research and development **1:** 78-9 **2:** 64-6
Resistance welding **9:** 102-4 **12:** 72-4

S

Safety **5:** 76-7
Shielded metal arc welding **3:** 75-7 **5:** 73-4
Ships **5:** 80-2
Soldering **8:** 77-8
Stainless steel **1:** 65-69 **6:** 87 **10:** 82-4
Steel **6:** 86 **11:** 92-5
Stress relief **10:** 90-2
Structural welding **5:** 85-9
Submerged arc welding **4:** 107-8 **5:** 71-2
Surfacing **1:** 62-4

T

Titanium **4:** 88-94 **11:** 88-91
Training **2:** 62 **6:** 78-81 **7:** 64-6 **8:** 61 **8:** 68-72 **10:** 80-81
Trucks **3:** 62-65
Tubing **1:** 69 **2:** 62-63 **12:** 61-4, 70-1
